

SC-TAB10-D

Automation Tablet

Model Number:#0909240020

Features

- 9" Touch screen control panel
- Resolutions 1280 x 800 pixel
- Aspect ratio 16:10
- 1 GB POE Network port
- Capacitive touch screen
- Desktop / Table-top
- Support POE function (802.3af Class 3)

Product Overview

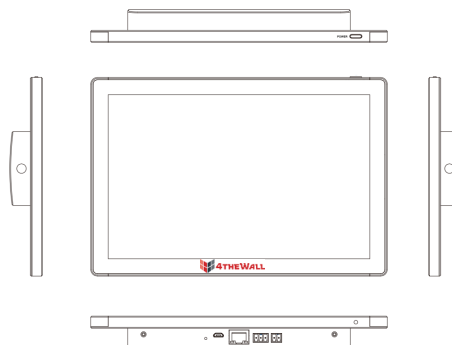

The 4TheWall Android Touch Screen Control Panel is a high-performance control interface designed to enhance interactive control and management in various professional environments. Built on a powerful ARM Cortex-A55 architecture and running the Android operating system, this touch screen panel offers superior processing capabilities, extensive memory, and storage, making it an ideal solution for multi-media conference rooms, multi-functional halls, training centers, exhibition centers, broadcasting studios, and more.

- **ARM Cortex-A55 Architecture:** Powered by a high-performance ARM Cortex-A55 processor with a main frequency of up to 1.8GHz, ensuring fast and responsive operation for demanding applications.
- **High-Capacity Memory and Storage:** Equipped with 4GB DDR4 RAM and 32GB EMMC FLASH, providing ample memory and storage for smooth multitasking, quick data access, and efficient operation of various applications.
- **Android Platform:** Runs on the latest Android operating system, offering a familiar and user-friendly interface with enhanced security features and performance improvements. This makes it easy to use and highly adaptable for various control and automation tasks.
- **Secondary Development Adaptation:** Supports secondary development, providing flexibility for developers to adapt and create custom applications or interfaces tailored to specific requirements, enhancing integration possibilities and functionality.
- **Versatile Usage Scenarios:** Suitable for use in multimedia conference rooms, multi-functional halls, training centers, exhibition centers, broadcasting studios, and more, where interactive control and management are crucial.

Applications

- **Multimedia Conference Rooms:** Ideal for controlling AV equipment, lighting, and other systems in a multimedia conference setting, enhancing interactivity and efficiency.
- **Multi-Functional Halls:** Perfect for managing various control elements, such as lighting, sound, and visual systems, in multi-functional event spaces.
- **Training Centers and Exhibition Halls:** Provides an intuitive and powerful interface for managing presentations, interactive displays, and other training or exhibition equipment.
- **Broadcasting Studios:** Suitable for controlling and managing broadcast equipment, enabling streamlined operation and content management.

The **4TheWall Android Touch Screen Control Panel** is a powerful, flexible, and user-friendly solution for a wide range of control and automation applications. Its advanced hardware architecture, open platform, and adaptability make it an excellent choice for professionals seeking an efficient and customizable control interface.

SC-TAB10-D

Automation Tablet

Model Number:#0909240020

Technical Specifications

Technical	
CPU	4-core ARM Cortex-A55 1.8 GHz
Operation System	Android
RAM	4GB DDR4 RAM
Flash Memory	32 GB EMMC Flash
Resolution	1280 x 800 pixel, Aspect Ratio 16:10
Touch Screen	9" Capacitive touch screen
Connection	
LAN	1x Standard 10M/100M/1000M Ethernet RJ45 port, supporting POE function
Transmission Distance	100m (CAT5E/6/6A/7)
Management Features	
Management and Control	TCP/IP
Others	
Power Connection	DC 12-24V/1A
Working Temperature	14 - 113°F / -10 - 45°C
Humidity Range	20 - 90% RH (no condensation)
Storage Temperature	-4 - 140°F / -20 - 60°C
Dimensions	86mm × 86mm × 44mm - Width/Depth/Height, Metal Enclosure
Weight	192g
Power Value/Consumption	5W
Mounting	Desktop / Table-Top
Housing	Screen — Touch Screen Front Panel — Aluminum Alloys Rear Case — Plastic Enclosure
ESD Protection	±8kV (Air-Gap Discharge) & ±4kV (Contact Discharge)
Certifications	
EU/USA	CE/FCC/UL
Package Details	
Package Contents	1 x Android Touch Screen Control Panel (Wall-in) 1 x 3pin-3.81mm Phoenix Connector (male) 1 x 24V/1A Multinational Power Supply (2pin-3.81mm Phoenix Connector) 1 x Wall Mounting Bracket 2 x Bracket Fixing Screw 1 x User Manual
